A top-ranked university in Central Asia that provides globally recognized medical education, advanced research facilities, and modern clinical training opportunities.

ABOUT

AL-FARABI KAZAKH NATIONAL UNIVERSITY

Al-Farabi Kazakh National University (KazNU), located in Almaty, is Kazakhstan's oldest and largest flagship university, ranked #166 globally in QS World University Rankings 2026 which has made its remarkable progress in global rankings and is now listed among the world's leading universities.

Founded in 1934, it is a leading national research university with a strong international student population and serves as a UN Global Hub for sustainability.

It is among the top universities in Central Asia, widely recognized worldwide for its academic excellence, research innovation, and strong international collaborations.

In 2001, KAZNU was classified as a "National" university by the government of Kazakhstan. More than 20,000 students study at KAZNU, and more than 2,500 faculty members are working, including professors, associate professors, 400 Doctors of Science, and more than 800 Candidates of Science.

It has made remarkable progress in global rankings and is also recognized in the Times Higher Education (THE) World University Rankings and is listed among the top universities in developing countries, highlighting its strong academic performance and research contributions.

KAZNU has climbed over and entered into the top 200 universities globally, which reflects its rapid academic development and growing international recognition.

KAZNU was ranked 18th among countries of the emerging Europe and central Asia region in the 2020 QS EECA University Rankings and 150th worldwide in the 2023 QS World University Rankings.

KAZNU has obtained international accreditation from leading European accreditation bodies, ensuring that its academic programs comply with global education standards.
